Keynote Session

7 Habits of Highly Effective Diversity Sourcers

Back in the late 80's, Steven Covey published the most successful book of all time. While it sounds preposterous that a book written 28 years ago is relevant to modern day sourcing, it turns out that Covey offers the perfect framework for recruiters and sourcers attempting to diversify the workforce.

During this session, Carmen will share her experiences, some successful – and unsuccessful – approaches attracting, finding and hiring diverse candidates. Carmen will share what she has learned and why she thinks *7 Habits of Highly Successful People* is the perfect lens through which to examine diversity recruiting practices.

9:30am - 10:15am **Doug Blue**, Product Director, SEEK Employment

General Session

Artificial Intelligence – Unlocking Potential for More Effective Sourcing

Everyday life is being transformed by artificial intelligence and machine learning technologies. Exactly how this is occurring and the reach of its impact are topics of global discourse and debate. How do we demystify new technologies and access them to our advantage?

Doug Blue, Product Director at SEEK will unpack how tech advancements are changing the recruitment space and transforming our interaction with employment marketplaces globally. This insightful session is an opportunity to learn how to access and embrace emergent technology to profoundly and positively support your sourcing success.

10:15am - 10:45am **Morning Tea Break**

10:45am - 11:30am **David Bell**, Talent Acquisition Sourcing CoE Leader, GE

4:00pm - 4:45pm **Shannon Pritchett**, Editor of SourceCon, ERE Media

Keynote Session

Modern Day Sourcing in an Automated World

Have you heard the news? Sourcing is dead and we will all be replaced by robots! Oh no. Perhaps it was clickbait, or far-fetched drama, or even a little skepticism, however you want to look at it, talent and acquisition is undoubtedly changing, and it's not frightening, it's exhilarating.

Over the past year, technology has quickly evolved. Artificial intelligence, chatbots, machine learning, and robotics are going to take over much of the recruiting and sourcing process. Acting like a robot may finally get us replaced by one. This session will take a look at the technology impacting a modern day sourcer and will provide a survival guide on how to survive the robot apocalypse.

4:45pm - 5:00pm **Conference Closing Remarks - Conference MC**
Shannon Pritchett, Editor of SourceCon, ERE Media
